

MSW Student Requirements

- Complete an Intern Application online.
- Email FBWC site supervisor your school supervisor's contact information and requirements of the school program. We will need confirmation from a counseling supervisor before accepting a new student intern.
- Complete the next Direct Services Training (OAG) including self-studies and on-the-job training. This only takes place a few times a year so you must be proactive in signing up for it in advance of your internship.
- Attend New Intern Orientation.
- Have a willingness to learn and cross-train in different areas of the agency.
- Be familiar with Social Work core values and ethics.
- Participate in additional identified trainings and meetings as needed.

Clinical MSW interns:

Clinical requirements are in addition to the above items:

- Clinical services will be group-focused and interns must commit to facilitating one or more groups during their internship.
- Must be available during the evenings a couple of nights a week.
- Participate in the development of the Family Connections Group Program: Currently we are working on expanding our group programs. In order to do this, we will be building program materials, conducting trainings, and compiling data to support these initiatives. Part of intern responsibilities will be to:
 - Help organize and lead trainings for volunteer facilitators
 - Record data collected in the program
 - Create program activities and other materials as needed
 - Recruit clients into groups and help conduct client group orientations
 - Facilitate a group in the program
 - Be free with new ideas and innovation to help progress the program
